

WE LOVE SPORT.

We believe in sport and athletes believe in us. Elite athletes and sports enthusiasts all over the world rely on supports, orthoses, medical compression stockings, and foot orthoses from Bauerfeind, one of the leading manufacturers of medical aids.

We have been at the cutting edge of medical care ever since 1929, and have been developing innovations that fully meet our high standards of quality, effectiveness, and wearing comfort. Our products are used for prevention, following an injury, or for rehabilitation – including at the Olympic Games.

You, too, can rely on the Bauerfeind quality. Made in Germany.

YOUR SPECIALTY RETAILER WILL BE HAPPY TO ADVISE YOU:

MORE STABILITY

Bauerfeind's sports range uses foot- and joint-stabilizing features to provide you with more control during quick changes of direction and when jumping.

BETTER PERFORMANCE

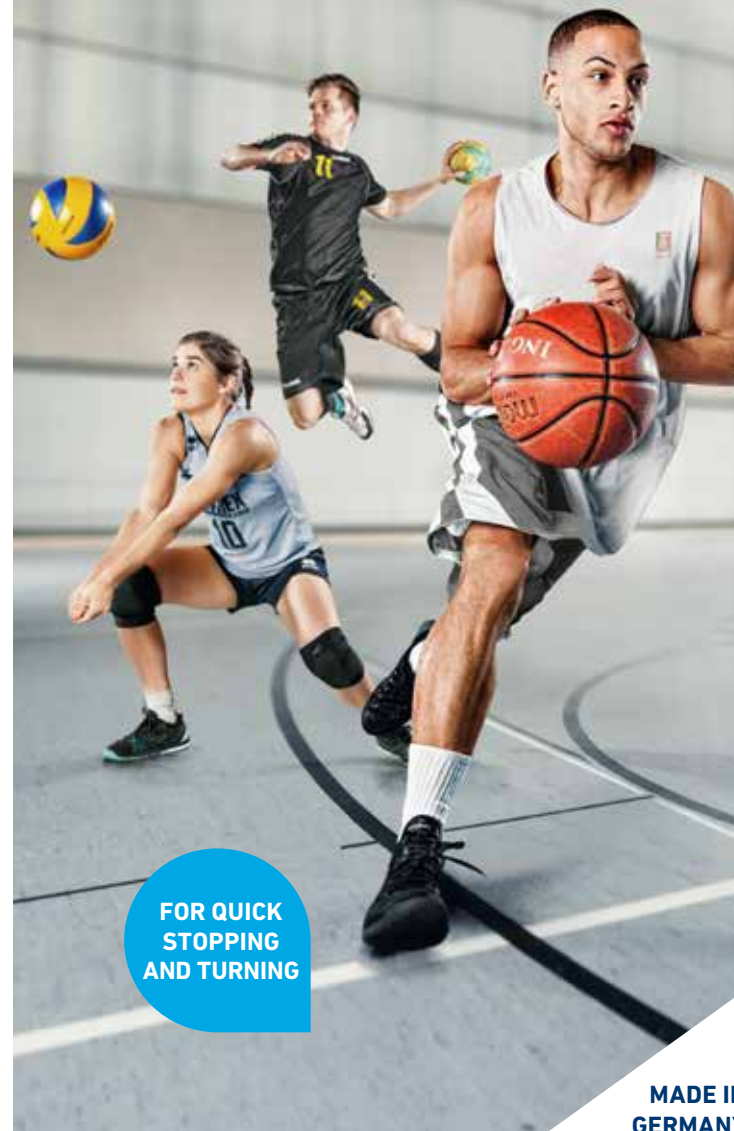

Special active features in our sports products stimulate foot and leg muscles and prevent muscle fatigue, even during intense practice or the final stages of a tough match.

MORE COMFORT

To perform at your best you need to feel comfortable with your equipment. Bauerfeind's sports range therefore combines high performance with a genuine feel-good factor.

SPORTS SOCK AND FOOT ORTHOSIS
**TO WIN POINTS, YOU NEED
 A FIRM FOOTING.**

**MADE IN
 GERMANY**

**YOU DO THE RUNNING, JUMPING,
 THROWING, AND SMASHING, AND
 WE GIVE YOU STABILITY.**

Regardless of whether you win your points by throwing or smashing – when it comes to fast-paced, physically demanding court and field sports in particular, you need to be able to rely on your feet. Bauerfeind's sports products give you the necessary stability to do this.

OPTIMUM STABILITY IS THE KEY TO LEAVING YOUR OPPONENTS STANDING.

Bauerfeind's ErgoPad ball & racket foot orthosis provides additional stability and more controlled mobility during abrupt movements during court and field sports. The higher heel cup stabilizes the hindfoot and the ankle. Sensorimotor spots provide a positive stimulus for your muscles, improving your reaction times. With this increased level of sensory awareness, stability is heightened when jumping, sprinting, stopping, and during quick changes of direction.

The result: more stability, improved motor function and reduced muscle fatigue.

ERGOPAD® BALL & RACKET

Heel cup

surrounds the heel and stabilizes the ankle during quick changes of direction

Sensorimotor spots

stimulate the foot muscles and improve motor function

QUICK STOP-PING AND TURNING

Toe bank

stretches the small toes and increases the contact between the feet and the shoes

Weightflex technology

supports the foot arches and maintains the natural movement of the feet

Functional top cover

fight bacteria and inhibits odors

COMPRESSION SOCK TRAINING

MUSCLE-TUNING

Lycra® sports material

gentle on the skin and breathable

Muscle tuning zone

for reduced muscle vibrations and less fatigue as a result

Protective zone

for less pressure and rubbing on the Achilles tendon

Taping zone

more stability for the ankle thanks to a patented design

Shock-absorbing cushioning

for greater comfort and protection

MUSCLE TUNING MADE EASY!

Bauerfeind's Compression Sock Training supports your calf muscle and lower leg and stimulates the parts of the muscles that are under particular stress. Apart from providing special benefits, the socks help to prevent premature fatigue and muscle cramp.

The result: a lower risk of injury and more energy right up to the end of the match.
